

Chelmsford Schools Partnership

in partnership with Saffron Teaching School Hub

Developing Vocabulary across the Primary School 2021 - 2022

Objectives

- To understand how children's vocabulary develops
- To understand the three tiers of vocabulary
- To know a range of practical approaches and strategies to develop pupil vocabulary

Session Outline

Developing pupil vocabulary remains a key focus of many schools and is also a focus of the new Ofsted framework. This half day course explores how we can develop children's vocabulary both directly and indirectly, within English lessons and across the curriculum. We will build an understanding of vocabulary tiers, discuss how we can create vocabulary progression, and look at strategies such as morphological awareness, vocabulary lessons and threading vocabulary through a unit of work. This is a very practical sessions with a wealth of ideas to try out straight away in the classroom.

The facilitator for this training is **Jonathan Bond, Independent Consultant**
