Chelmsford Schools Partnership

The Role of the Computing Lead

Course Outline:

This course will help new Primary Computing Leaders to understand their role and help them to develop a broad and balanced curriculum. It will prepare them to review their current provision for computing and look at ways to support other teachers to deliver the curriculum.

Programme Objectives:

Delegates will be able to:

- Understand the role of the Computing Lead.
- Know how to develop a school Curriculum Intent for Computing
- Understand the National Curriculum for Computing and know how to review their curriculum to ensure that all objectives are fully covered.
- Explore a range of resources that are freely available to them online.
- Know how they can support other teachers in their school to deliver the computing curriculum.
- Start to develop an action plan for computing

The facilitator for this training is **Andy Place, Havering Education Services (HES)**
